Dear Mr. Treadaway:

Please see the actualized dates for the milestones listed below for the Westminster East Garden Grove Feasibility Study. Section 1002 of the Water Resources Reform and Development Act (WRRDA) of 2014 requires the U.S. Army Corps of Engineers' District Engineers to provide non-Federal partners with notification of feasibility study milestones scheduled for active studies that received General Investigation appropriations between October 1, 2009, and June 10, 2014. These letters will also be prepared for studies initiated after June 10, 2014. The letters allow for greater transparency and a formal notification and reporting of feasibility study milestones.

The following dates are actual dates for completed milestones:

<u>Description</u>	<u>Previously Reported Date</u>	<u>Current Date</u>
Release of Draft Feasibility Report for Public Review	Oct 19, 2018	Oct 19, 2018
Submittal of Final Feasibility Report For Policy Review	Sep 30, 2019	Jan 24, 2020
Transmittal of the Final Feasibility Report	Sep 30, 2019	May 22, 2020

This letter will be posted and made available to the public on the U.S. Army Corps of Engineers website (<http://www.spl.usace.army.mil/>). The dates for these milestones will be submitted in an annual report to Congress.
