DEPARTMENT OF THE ARMY NATIONWIDE PERMIT VERIFICATION

Dear Mr. Patane:

I am responding to your request (SPL-2008-00911-KAT) for a Department of the Army permit for your proposed project, Ehrenburg Port of Entry. The proposed project is located (33.616942N, -114.455787W (NAD 83)) on Interstate 10 between milepost (MP) 2.5 and MP 6.0, approximately 1.5 miles east of the town of Ehrenberg, La Paz County, Arizona.

Because this project would result in a discharge of dredged and/or fill material into waters of the United States a Department of the Army permit is required pursuant to Section 404 of the Clean Water Act (33 USC 1344; 33 CFR parts 323 and 330).

I have determined that construction of your proposed project, if constructed as described in your application, would comply with Nationwide Permit (NWP) 39, "Constitutional and Institutional Developments. Specifically, and as shown in the enclosed figure(s), you are authorized to:

Wash 13, MP 3.36 (STA 172+50)

1. Impact 0.13 acres temporarily for construction access.

Wash 14, MP 3.38 (STA 175+00)

1. Fill 600 linear feet of wash to construct the POE roadways and detention basin.
2. Construct and connect grader ditch from the upstream fill point to the downstream fill point to maintain flows.
3. Impact 0.15 acres permanently due to fills. Impact 0.10 acres temporarily for construction access and placement of new right-of-way fencing.

Wash 24, MP 3.82 (STA 197+12)

1. Remove existing headway on the upstream side and extend CMP 21 feet.
2. Construct new inlet wingwalls and headwalls.
3. Impact 0.01 acres permanently due to CBC extension. Impact 0.03 acres temporarily for construction access.

Wash 30, MP 4.15 (STA 214+86)

1. Extend CBC 31 feet upstream and construct new inlet wingwalls and headwalls.
2. Place riprap above headwall and wingwalls.
3. Impact 0.14 acres permanently due to fills. Impact 0.55 acres temporarily for construction access.

Wash 32, MP 4.15 (STA 215+00)

1. Fill 1000 linear feet of wash to construct the I-10 eastbound auxiliary lanes.
2. Construct and connect grader ditch from the upstream fill point to the downstream fill point to maintain flows.
3. Impact 0.14 acres permanently due to fills. Impact 0.08 acres temporarily for construction access.

Wash 33, MP 4.25 (STA 220+50)

1. Construct cut to for auxiliary lane.
2. Impact 0.02 acres permanently due to dredging. Impact 0.02 acres temporarily for construction access.

For this NWP verification letter to be valid, you must comply with all of the terms and conditions in Enclosure 1. Furthermore, you must comply with the non-discretionary Special Conditions listed below:

1. The permittee shall provide notification, either written or verbal, to the Corps of Engineers at least one week prior to the start of work, as to the anticipated beginning and ending dates of construction. The permittee shall maintain the activity authorized by this permit in good condition and in conformance with the terms and conditions of this permit.
2. The permittee shall allow representatives from this office to inspect the authorized activity at any time deemed necessary to ensure that it is being or has been accomplished within the terms and conditions of the permit.
3. A copy of the permit shall be on the job site at all times during construction. The permittee shall provide a copy of this permit to all construction representatives. The permittee shall require that all construction representatives read this authorization in its entirety and acknowledge they understand its contents and their responsibility to ensure compliance with all general and special conditions contained herein.
4. The construction limits for all work within waters of the U.S. shall be fenced, staked, or flagged prior to construction. The contractor(s) shall be thoroughly familiar with each of the project boundaries, and all perimeter markings shall be maintained intact for the life of the project. The contractor shall monitor each of the construction zones during the

entire length of the contract to ensure fencing, staking, or flagging remains in place and that no vegetation is disturbed outside of the construction limits.

5. The permittee shall not discharge dredged or fill material while constructing this project or any other phase of this project, other than the permitted activities identified above.
6. The permittee shall ensure that all project areas disturbed by construction-related activities are stabilized, and restored to their pre-project conditions/contours, to the maximum extent possible, upon project completion. All project areas disturbed above the ordinary high water mark shall be reseeded with locally native plant species. Watercourse morphology shall be re-established to match pre-construction configurations.
7. Unless specifically authorized all temporary construction access, staging activities, and stockpiling shall be located outside of the waters of the U.S. The location of these activities shall be sited to minimize the removal of mature trees, to utilize previously disturbed areas to the extent practicable, and to minimize the total area of disturbance.

This verification is valid through March 18, 2017. If on March 18, 2017 you have commenced or are under contract to commence the permitted activity you will have an additional twelve (12) months to complete the activity under the present NWP terms and conditions. However, if I discover noncompliance or unauthorized activities associated with the permitted activity I may request the use of discretionary authority in accordance with procedures in 33 CFR § 330.4(e) and 33 CFR § 330.5(c) or (d) to modify, suspend, or revoke this specific verification at an earlier date. Additionally, at the national level the Chief of Engineers, any time prior to March 18, 2017, may chose to modify, suspend, or revoke the nationwide use of a NWP after following procedures set forth in 33 CFR § 330.5. It is incumbent upon you to comply with all of the terms and conditions of this NWP verification and to remain informed of any change to the NWPs.

A NWP does not grant any property rights or exclusive privileges. Additionally, it does not authorize any injury to the property, rights of others, nor does it authorize interference with any existing or proposed Federal project. Furthermore, it does not obviate the need to obtain other Federal, state, or local authorizations required by law.

Thank you for participating in the regulatory program. If you have any questions, contact Kathleen Tucker at 602-230-6956 or via e-mail at Kathleen.A.Tucker@usace.army.mil. Please help me to evaluate and improve the regulatory experience for others by completing the customer survey form at http://corpsmapu.usace.army.mil/cm_apex/f?p=regulatory_survey.

Sincerely,

Sallie Diebolt
