Mike,

This email serves as documentation of the approval to use RPG-81. Application SPL-2013-00165; Rillito River Sediment Removal Project revised submittal dated 08/03/2013 was reviewed, processed, and approved. The scope of work complies with all terms and conditions (inc special) of RGP81 and water quality measures (WQC) are issued programmatically.

Let me know if there are any questions,

Thx,
K
