Jenny,

The Los Angeles District will withdraw your request for NWP verification; and we concur the project may proceed under a non-reporting NWP 3.

Theresa

Hi Leah and Theresa--

It is my understanding that the proposed project does not warrant the need for a reporting PCN form under the NWP 3, Maintenance. Therefore, I would like to request that we change the status of both of the applications to a non-reporting NWP 3. I am including Bud Amorfini with the Lahontan Regional Water Quality Control Board in this email. Please let me know if you have further questions.

Thank you,

Jenny
