Mike,

This email serves as documentation of the authorization to use RGP-81: Maintenance and Bank Stabilization Activities for Corps File SPL-2014-00092-KWG: Wildwood Wash sediment removal near Camino de la Tierra and River Rd Project. The proposed scope of work complies with RGP81; Category 3; Tier 3-Concurrence Notification.

The Permittee shall comply with all terms and conditions authorized by the use of this RGP-81; including CWA 401 water quality conditions (WQC) that are conditionally certified by ADEQ.

Let me know if there are any questions,

Thx,
K
