Mike,

This email serves as documentation of the authorization for Pima County Regional Flood Control District to use RGP-81: Maintenance and Bank Stabilization Activities for Corps File SPL-2014-00385; San Domingo Estates Channel Maintenance Project. The proposed scope of work complies with the action and limits authorized under RGP-81: Category 6; Tier 2-Advisory Notification.

The Permittee shall comply with all terms and conditions authorized by the use of this RGP-81; including CWA 401 water quality conditions (WQC) that are conditionally certified by ADEQ.

Let me know if there are any questions,

Thx
K
