SAFETY OF DAMS – POLICY AND PROCEDURES**

- 1. Purpose.** This circular transmits the draft ER 1110-2-1156, Safety of Dams – Policy and Procedures for interim guidance.
- 2. Applicability.** This circular applies to all HQUSACE elements, Major Subordinate Commands (MSC), districts, laboratories, and field operating activities having responsibilities for Civil Works projects.
- 3. Distribution.** This circular is approved for public release. Distribution is unlimited.
- 4. Discussion.** The attached draft ER 1110-2-1156 prescribes the policy, organization, responsibilities, and procedures for implementation of dam safety program activities within the Corps of Engineers to ensure continued safety, structural integrity, and operational adequacy of dams and other Civil Works water control facilities. The draft ER combines a number of previous regulations to provide a single document for the overall dam safety program.
- 5. Action Required.** This EC should be used as interim policy and guidance pending publication of the final ER 110-2-1156. Any comments regarding improvements or clarifications should be submitted to HQUSACE (CECW-CE), Washington, DC 20314-1000, within two years of publication of this EC.
