

Hall/Gila River, AZ

CAP Section 205

BUILDING STRONG®

LOCATION AND DESCRIPTION:

The study area located in the City of Buckeye, AZ, within Maricopa County, which includes the stretch of the Gila River from Perryville Road to Phoenix Bypass Route 85.

Key infrastructure and residences are at risk of inundation associated with flows from the north bank of the Gila River. The purpose of this project is to reduce flood risk originating from the Gila River within the City of Buckeye and unincorporated Maricopa County. A Federal Interest Determination (FID) study was performed to determine if there is a Federal Interest in proceeding with a project. The FID decided that while a project that would address flooding in the general study area would be beyond the scope and cost of a CAP study, there may be interest in a project to reduce the risk of flood damage to the City of Buckeye's Wastewater Treatment Plant.

A focused economic analysis is being completed to verify Federal Interest in proceeding with this smaller scale project.

AUTHORIZATION:

WRDA 07, Section 1002(a)(7) - Public Law 110-114; CAP Section 205; project limit is \$10M Fed.

ACTIVITIES FOR FY 2020:

Carry-in funds will be used to complete reviews and approval of the focused economic analysis. If project is approved to move forward FY 2020 funds would be used to initiate the Feasibility Study.

FY 2021 PLANNED ACCOMPLISHMENTS:

If the project is approved to continue FY 2021 Funds would be used to complete the draft Feasibility Report and reviews.

ISSUES AND OTHER INFORMATION:

None.

CONGRESSIONAL INTEREST:

Senator McCain; Congressman O'Halleran (AZ-01)

As of 18 Feb 20

FINANCIAL SUMMARY:

Feasibility

Estimated Federal Cost	\$496,000
Estimated Non-Federal Cost	\$496,000
Total Estimated Project Cost	\$992,000
Allocation for FY19	\$300,000
Allocation for FY20	\$175,000
President's Budget for FY21	TBD
Balance to Complete After FY21	\$21,000
