

# MOJAVE RIVER RESERVOIR DAM, CA

## Operations & Maintenance

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG.

### LOCATION AND DESCRIPTION:

Project is located 100 miles East of Los Angeles in San Bernardino County, California.

### AUTHORIZATION:

Rivers and Harbors Act of 1960, Title II (PL 86-845).

### ACTIVITIES FOR FY 2021:

Funds will be used for updates of the Water Control and Operations manuals and Operations Management Plan, FEM management and operation, Dam Safety Program, O&M Program, and Project Management. Funds are also being used for specific work activities, including completion of Master Plan Update and boundary survey, boundary inspections, repair/rehabilitation of concrete inlet, and tunnel/outlet repairs.

### FY 2022 PLANNED ACCOMPLISHMENTS:

Funds would be used for legal or policy mandated maintenance activities, dam safety oversight; environmental stewardship; water management; recreation planning; sediment removal, replacement of fencing, security measures, land management/enforcement, and encroachment resolution.

### ISSUES AND OTHER INFORMATION:

There has been extensive de facto off-road vehicle use on both upstream & downstream sides of the dam. The Corps is working with other concerned agencies to mitigate the problem. An Interagency Agreement with the Forest Service has been signed, which allows both agencies to share costs for the additional measure to restrict access. U.S. Forest Service has completed off-road vehicles barriers at the outlet works and spillways, and other means to limit access.

Local agencies have recently indicated an interest in operating and maintaining recreation development immediately upstream and downstream of the dam, helping in controlling access.

The 2011 Deep Creek Fire which occurred at the outlet works caused a substantial amount of damage to the infrastructure & log/trash rack. The concrete and trash rack will need to be repaired to continue the safe operation of the dam.

### CONGRESSIONAL INTEREST:

Congressperson Cook (CA-8).

As of 8 Feb 21

### FINANCIAL SUMMARY:

	<u>O&amp;M</u>
Estimated Federal Cost	\$1,029,000
Estimated Non-Federal Cost	0
Total Estimated Project Cost	\$1,029,000
Allocation thru FY20	\$1,297,047
Allocation for FY21	\$1,018,710
President's Budget for FY22	TBD
House Report for FY22	TBD
Senate Report for FY22	TBD
Balance to Complete After FY22	N/A
