Santa Clara River Watershed Feasibility Study
Brown Barranca

- Private road_A – Downstream face of bridge

- Private road_A – Upstream face of bridge
- Private road_A – Looking upstream from the bridge (drop structure)

- Railroad – Upstream face of the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Railroad – Downstream face of the bridge

- Railroad – Looking downstream from the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Railroad – Looking upstream from the bridge

- Railroad – Bridge pier looking downstream
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Railroad – Upstream face of the bridge

- Private road_B – Downstream face of the bridge (RB)
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Private road_B – Upstream face of the bridge

- Railroad_abandoned – Downstream face of the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Railroad_abandoned – Upstream face of the bridge

- Railroad_abandoned – Upstream face of the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Telephone Rd – Upstream face of the bridge

- Telephone Rd – Downstream face of the bridge
• Telephone Rd – Looking downstream from the bridge (scouring due to expansion

• Telephone Rd – Culvert at left abutment of the bridge
• Telephone Rd – Looking upstream from the bridge

• Darling Rd – Upstream face of the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Darling Rd – Upstream face of the bridge

- Henderson Rd – Downstream face of the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Henderson Rd – Downstream face of the bridge (3 boxes)

- Ramp to HWY 126 (south) – Downstream face of the bridge (3 boxes)
Ramp to HWY 126 (south) – Upstream face of the bridge

HWY 126 – Downstream face of the bridge (3 boxes)
• HWY 126 – Upstream face of the bridge

• HWY 126 – Upstream face of the bridge (tributary coming from RB)
• Ramp to HWY 126 (north) – Downstream face of the bridge (2 boxes)

• Ramp to HWY 126 (north) – Looking downstream from the bridge
• Ramp to HWY 126 (north) – Upstream face of the bridge

• Ramp to HWY 126 (north) – Looking upstream from the bridge
Blackburn Rd – Downstream face of the bridge (2 boxes)

Blackburn Rd – Looking downstream from the bridge
• Blackburn Rd – Looking upstream from the bridge

• Blackburn Rd – Upstream face of the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Telegraph Rd – Looking upstream from the bridge (drop inlet)

- Telegraph Rd – Drop inlet at upstream side of the bridge
- Telegraph Rd – Drop inlet at upstream side of the bridge

- Telegraph Rd – Looking downstream from the bridge
Santa Clara River Watershed Feasibility Study
Brown Barranca

- Telegraph Rd – Drop structure at the end of outlet structure

- Telegraph Rd – Downstream face of the bridge (arch outlet)
• Foothill Rd – Downstream face of the bridge

• Foothill Rd – Looking upstream from the bridge
• Foothill Rd – Drop inlet at upstream side of the bridge

• Foothill Rd – Drop inlet at upstream side of the bridge (filled with sediment)
Foothill Rd – Looking downstream from the bridge
