

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Railroad – Looking downstream from the bridge

- Railroad – Looking upstream from the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Railroad – Upstream face of the bridge

- Railroad – Downstream face of the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Telegraph Rd – Downstream face of the bridge

- Telegraph Rd – Concrete channel bed at downstream side of the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Telegraph Rd – Upstream face of the bridge

- Telegraph Rd – Concrete channel bed at upstream side of the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Telegraph Rd – Looking upstream from the bridge

- Telegraph Rd – Looking downstream from the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Foothill Rd – Downstream face of the bridge

- Foothill Rd – Downstream face of the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Foothill Rd – Upstream face of the bridge

- Foothill Rd – Looking downstream of the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Foothill Rd – Looking upstream of the bridge

- Foothill Rd – Looking downstream at downstream side of the bridge (dikes on LB)

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Private road_A – Looking upstream

- Private road_B – Looking upstream

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Aliso Canyon Rd – Looking upstream from the bridge

- Aliso Canyon Rd – Looking downstream from the bridge

Santa Clara River Watershed Feasibility Study
Ellsworth Barranca

- Aliso Canyon Rd – Downstream face of bridge

- Aliso Canyon Rd – Upstream face of bridge
