GHG EMISSIONS OFFROAD	12.80							

*For Dump Trucks, calculated by adding the amount of time for roundtrip to borrow site (1 hour) and land fill (1.5 hours)

tons
CO2 e

** For Dump Trucks, calculated by adding mileage of roundtrip to borrow site (17 miles) and landfill (25 miles); For water trucks and pick up trucks (on-site), calculated using length of project TCE (4 miles roundtrip); Pick-up trucks (commute) assume 20 miles roundtrip

*** Assumes 3 trips/day for pick up and water trucks (on-site)

*For Dump Trucks, calculated by adding the amount of time for roundtrip to borrow site (1 hour) and land fill (1.5 hours)

** For Dump Trucks, calculated by adding mileage of roundtrip to borrow site (17 miles) and landfill (25 miles); For water trucks and pick up trucks (on-site), calculated using length of project TCE (4 miles roundtrip); Pick-up trucks (commute) assume 20 miles roundtrip

*** Assumes 3 trips/day for pick up and water trucks (on-site)
