

DEPARTMENT OF THE ARMY
U.S. ARMY CORPS OF ENGINEERS
LOS ANGELES DISTRICT
915 WILSHIRE BOULEVARD, SUITE 930
LOS ANGELES, CALIFORNIA 90017-3489

May 17, 2021

DEAR INTERESTED PARTIES:

The U.S. Army Corps of Engineers (Corps) has completed a Final Supplemental Environmental Assessment (SEA) for the Channel Islands Harbor Breakwater and Jetty Repair Project.

The Final SEA may be downloaded as a PDF document from the following location:

<https://www.spl.usace.army.mil/Media/Public-Notices/Article/2604838/spl-2021-0512-nlh-channel-islands-harbor-breakwater/>

The Draft SEA was distributed for public review on February 11, 2021, and comments received were incorporated into the Final SEA, as appropriate. Coordination occurred during the public review period with the U.S. Fish and Wildlife Service, Regional Water Quality Control Board (Los Angeles Region), and other agencies. The results of the coordination efforts and comments and correspondence letters are included in Appendices D, G, and H of the final document. A signed Finding of No Significant Impact (FONSI) is also enclosed.

If you have any questions regarding this project, please contact Ms. Kymberly Howo, Project Biologist, at (213) 800-1024 or via email at Kymberly.L.Howo@usace.army.mil.

Thank you for your attention to this document.

Sincerely,

Eduardo T. De Mesa
Chief, Planning Division
