

SPECIAL PUBLIC NOTICE

U.S. ARMY CORPS OF ENGINEERS
LOS ANGELES DISTRICT

BUILDING STRONG®

Notice of Workshop

The U.S. Army Corps of Engineers, Los Angeles District, Regulatory Division, (Corps) is hosting a workshop to discuss the new 401 Water Quality Certification Procedures and the 2021 Nationwide Permits, specific to Regulatory requirements in California. Two identical workshops will be held. The workshops will be held on Monday, May 24, 2021 and Thursday May 27, 2021. The workshops will be entirely virtual. The events will run from approximately 1:00 PM to 3:00 PM. If you plan to attend, please RSVP to splregcbad@usace.army.mil

A conference line will be available for those unable to attend in person. Please RSVP and a copy of the presentation, as well as call-in information, will be e-mailed to you.

For additional information please contact Michael LaDouceur of my staff via e-mail at michael.a.ladouceur@usace.army.mil. This public notice is issued by the South Coast Branch Chief, Los Angeles District.

Regulatory Program Goals:

- To provide strong protection of the nation's aquatic environment, including wetlands.
- To ensure the Corps provides the regulated public with fair and reasonable decisions.
- To enhance the efficiency of the Corps' administration of its regulatory program.
