Office of the Chief
Regulatory Division

Mr. Clinton M. Glass
CMG Drainage Engineering, Inc.
P.O. Box 64880
Tucson, Arizona 85728

SUBJECT: Extension of Jurisdictional Determination: File No. SPL-2004-01585-SDM

Dear Mr. Glass:

I am responding to your letter of May 22, 2013, in which you requested that the approved jurisdictional determination for the Salt River Materials Group's proposed development known as the Olive Avenue Property, dated January 11, 2005, be extended for another five years. The jurisdictional determination includes waters of the United States associated with the Agua Fria River in Section 25, Township 03 North, Range 01 West, Phoenix, Maricopa County, Arizona.

The previous jurisdictional determination is hereby extended an additional five years until June 18, 2018. Any discharge of dredged and/or fill material into the designated jurisdictional areas may require a Section 404 permit from the Corps of Engineers.

If you have any questions, please contact me at 602-230-6950 or via e-mail at Sallie.McGuire@usace.army.mil.

Please be advised that you can now comment on your experience with Regulatory Division by accessing the Corps web-based customer survey form at:
<http://per2.nwp.usace.army.mil/survey.html>.

Sincerely,

Sallie McGuire
Chief, Arizona Branch
Regulatory Division
