Dear Mr. Gregory:

As a result of a recent field inspection of the proposed Arroyo Hondo bridge replacement site, we have determined that the Arroyo Hondo is a navigable water of the United States as defined by 33 CFR 2.05-25 (a) (2) (copy enclosed). Accordingly, a Coast Guard bridge permit will be required for the proposed replacement bridge on State Highway route 101.

The Bridge Administrator visited with Mr. Gary Arthur of your office during the inspection trip and left a copy of the Bridge Permit Guide to assist in the preparation of the permit application.

I look forward to working with you on this replacement bridge project. Should you have any questions, please contact the Bridge Administrator (Mrs. Denny) at (213) 590-2222.

Sincerely,

M. J. DANKO  
Lieutenant Commander, U. S. Coast Guard  
Chief, Aids to Navigation Branch
