1. The information contained in reference (a) has been contrasted with charts and maps of the area to determine the navigability of subject waters.
2. Reference (b) was a navigability determination concerning Bolsa Bay, Orange County. The Warner Avenue (previously known as Los Patos Avenue) Bridge bisects Huntington Harbor and Bolsa Bay. Anaheim Bay which is northwest of Huntington Harbor, opens directly into San Pedro Bay.
3. Huntington Harbor and Anaheim Bay are in my opinion, navigable waters of the United States because they are subject to tidal influence.
4. A record of this opinion will be maintained by the Legal Officer in accordance with reference (c).
