

Southern California Dredged Material Management Team (SC-DMMT)
April 25, 2012
Final Meeting Notes

I. Participating Agencies /Attendees:

- a. Dan Swenson (USACE-Regulatory)
- b. Larry Smith (USACE-Planning)
- c. Doug Shibberu[†] (RWQCB-Santa Ana)
- d. Kathryn Curtis[†] (POLA)
- e. Steve Bay[†] (SCCWRP)
- f. Jana Watanabe[†] (POLB)
- g. Carol Roberts[†] (USFWS)
- h. Monica Eichler (USACE-PPMD)
- i. Andrew Jirik[†] (POLA)
- j. Michael Lyons[†] (LA-RWQCB)
- k. Andrew Martin[†] (Anchor QEA)

[†] participating via teleconference.

II. Announcements:

- a. **Marina del Rey dredging (POC: Larry Smith):** on-going, 84,000 CY completed so far.
- b. **Lower Newport Dredging (POC: Larry Smith):** should start soon.
- c. **Harborlight (POC Dan Swenson):** City of Long Beach requesting “out-of-cycle” review of SAP.

III. Project Review and Determinations

- a. **None.**

IV. Other issues, discussions:

- a. **LA County Dredge Material Management Framework or DMMF, formerly DMMP (POC: Monica Eichler):** discussed history and current status for this effort.
- b. **DRAFT SC-DMMT SAP/SAPR guidelines and sediment testing data (POC Dan Swenson):**
 - i. Dan Swenson reviewed sediment testing database options and status of SAP/R guidelines. Conclusion: proceed with guidelines as Corps and EPA joint document rather than as “SC-DMMT document” without waiting for database issue to be resolved.

- ii. Steve Bay from SCCWRP reviewed the history and details of the CSTF sediment testing database: appears to be essentially the same as the San Francisco District DMMO's database. Steve mentioned SCCWRP could assist in our effort to establish a sediment testing database, possibly in collaboration with ESRI to develop a mapping component.
